Hi Dan,

Can we set up a time to talk next week about concerns my enforcement folks have raised regarding CAFO permit applications being submitted to IEPA in response to federal administrative orders. I think the issue can be easily fixed and I don't think it will take much effort on EPA or IEPA's part but I'd like to get your opinion.

I'm available anytime except monday or thursday between 1-2:30. it should only take 15-20 minutes. I figured it was easier to set up a time to talk then to play phone tag.

Let me know what will work for you

thanks,

julianne
